Author's Note: I got the idea for this story from a piece of fan art I saw on Deviant Art by Galevin. Go check out his art. The picture is the cover art for this story. Credit goes to him. I also got this idea from a quote I read in a the BTAS novel, "The Dragon and The Bat."

Summary: Batman's sidekicks, Robin and Batgirl perform for the Arkham Asylum's entertainment night. How will it go? One shot.

****Arkham Asylum****

****Friday Night****

****8 pm****

It was Friday night at Arkham. Even though, there were criminals there, they still had a chance to earn privileges. One of those privileges was to have entertainment night. The inmates were allowed to choose an entertainer of their choice to preform. This entertainment night would happen about once a month. This week the inmates had chosen for the singer, Cassidy to preform.

The inmates whom were most of the villains Batman and Robin had faced and put away, were now all sitting in Arkham's Auditorium. Catwoman, Harley Quinn and Poison Ivy all sat in a row together. They were waiting for the performance to start.

"I wonder what's taking Cassidy so long?" Harley said.

"I don't know, Harl." Ivy replied.

"She probably canceled on us. She might not have wanted to preform for a bunch of crazy inmates." Catwoman replied, sighing.

A few minutes later, a guard walked on to the stage.

"Good evening everyone. Most of you were expecting Cassidy to preform tonight. Unfortunately, she couldn't make it." He began.

There were boos coming from the audience.

"Settle down, settle down. So we will be having someone else preform instead. You all probably know them. I hope you all will have respect for them and anyone caught booing will be removed." The Guard said. And with that he walked off stage.

"I wonder who will preform?" said one inmate.

"Apparently it's someone we know." replied another.

"I hope it's not that Hannah Montana girl or that Justin Bieber!" Harley exclaimed.

Suddenly the whole room got quiet. The lights were dimmed and a red curtain was dropped.

An announcer walked up on the stage.

"Good Evening everybody! Are you ready to rock? You know him! You love him well maybe you do! Please put your hands together for...Robin The Boy Wonder! And Batgirl!" The announcer Robin came up on the stage with an electric guitar in his hand.

There were some boos once again from the audience but they were quickly silenced by a guard.

Others tried to show respect by clapping.

Robin started playing a song on his guitar. Batgirl was on the mic. The song was "Rocking Robin"

"Oh look! It's Boy Blunder and Brat Girl!" Harley gossiped to her friend, Ivy.

"I wonder if this is some kind of set up." Ivy said.

At one point during the song, Robin did a guitar solo. This grabbed the attention of Harley, Ivy and Catwoman.

"Wow, I didn't know Robin could play the guitar like that! Go Robin!" Harley exclaimed.

"I agree this is a good song!" Catwoman said, also cheering

Poison Ivy also joined in cheering.

Usually they had to go up against them but tonight was nice.

After the performance, they all went back to their cells and Batgirl and Robin left.

The End.
